ABOUT SKY CHEMICALS (UK) LTD

With over a decade of experience in the cleaning chemical industry, we have a wealth of reliable expertise and experience to provide you with a wide range of high quality, environmentally friendly and extremely cost effective cleaning products. We distribute throughout the UK and export our products around the world, as well as fulfil contract orders and orders from the public sector.

We specialise in using our excellent knowledge to give you the precise product and service that you require, and are able to tailor our service to meet your needs. Among our customers, we have produced customised cleaning products for the Ministry of Defence, Sky Chemicals (UK) constantly update product formulas and work on many projects for various clients' particular needs. Sky Chemicals (UK) also works with hundreds of small businesses in the trade and retail sector.

With Sky Chemicals (UK), you can count on helpful and reliable advice and expert product information, as well as new innovative products. As a bespoke chemical company that out-sources its manufacturing and laboratory arm, we can concentrate on delivering exactly what you need.

If you would like any more information or would like to discuss your requirements please give us a call or visit our website.

The products are approved by various bodies including; Rolls-Royce, Boeing, Airbus, Bell, and many more. Many products have BS EN certificates. These products have been specially formulated to meet today's performance, compatibility and environmental requirements.
